

To Faculty and Staff:

As our student veteran population grows, the University of Maine is increasingly committed to providing members of the campus community with the resources and information needed to help support student veterans in and outside of the classroom. We will soon announce opportunities for education and training on campus about how best to support student veterans and meet their needs. Dates and times for trainings will be distributed widely. All are encouraged and welcome to attend.

The University provides support to veterans and their families and also outreaches to the campus and greater community in support of veterans. UMaine's VETS Center is located on the ground floor of the Memorial Union and we continue to work closely with the Bangor Vets Center. Come by and visit when you can.
